Instructions: Activating your eBook Download voucher

Please read the following activation instructions to access your eBook correctly.

Step1: Go to the [download library](#) when you have received a download voucher or if you have purchased an eBook.

! If you want to go directly to the correct publication, follow the link that is provided along with the download voucher. This link will redirect you to the correct publication in the [download library](#).

Step 2: When you have chosen the correct publication/eBook, click on it and you will be redirected to the webpage of the product

Step 3: When you are on the webpage of your eBook, click on the blue button that says 'log in for download'.

Step 4: A pop-up appears. There are two options possible:

Option 1 Existing member: The pop-up requires an existing member to fill in an 'Email Address', a 'Password' and a 'Download Voucher'. If you have activated your voucher previously, it is only necessary to fill in the required fields. If you haven't activated your voucher previously, then it is necessary to fill in the 'Download Voucher' field. Click on 'login'' when the required fields have been filled in.

Option 2 New member: When you are not an existing member, click on 'Create an Account' in the bottom left corner. A new pop-up appears which is named 'Create an Account'. Fill in the required fields as well as the 'Download Voucher' with your voucher code and click on 'submit'.

Step 5: Once you have logged in or submitted your new account, the page will reload automatically. The blue button that said 'log in for download' is replaced by an blue button that says 'Download'. If this has not happened, please reload the page manually, the button 'Download' will appear after the page has been reloaded.

Step 6: Click on the blue button 'Download', a personalized social drm protected PDF will be downloaded. You can open this file in a new tab or any other program that can open pdf files.

If any questions or problems occur during any of these steps, reach out to info@vanharen.net and they will help you out.
